REPORT ON NSTP AND COMMUNITY EXTENSION PROGRAM ACTIVITY

On October 16, 2025, the National Service Training Program (NSTP) Office, in collaboration with the Community Extension Services, spearheaded a relief and outreach activity entitled *"Tabang sa Sugbuanon: Tabang Para sa mga Biktima sa Linog."* was conducted to provide assistance to affected families in Cebu who were severely impacted by the recent earthquake. The activity aimed to extend compassion and solidarity to our fellow Filipinos in need, highlighting the spirit of *bayanihan*.

The *Tabang sa Sugbuanon* outreach program successfully demonstrated the collective effort of the academic community in responding to disasters. It strengthened the community awareness of their social responsibilities and provided them with valuable experiences in community service and disaster response. Through this activity, NSTP participants realized the importance of unity in times of disaster and how small acts of kindness can contribute to collective healing.
